

# 2010 First Aid Course Timetable

MediTrain Waikato have scheduled Childcare First Aid Courses especially for us which has many benefits for us and our children:

- Courses meet OSH requirements but are tailored for our specific needs
- We are all trained in a consistent manner to the same high standards
- Courses are taught in one day (recertification course in 4 hours) and fees are low
- We generate funding for our centre
- We get to spend a fun day with other Playcentre parents.

We are happy to hold additional courses at your Playcentre or another venue of your choice. You can also join any other scheduled First Aid course (see timetable on MediTrain Waikato website). All courses are eligible for Breathing Life into the Community nominations.

**To make a booking please contact MediTrain Waikato** (see details below)

For more information about the course have a look at the Playcentre Childcare First Aid course information displayed in all centres, contact MediTrain Waikato or visit their website.

MediTrain Waikato offers a fundraising programme called Breathing Life into the Community. Each centre can become a beneficiary organisation by simply filling out a one-page application form (available on MediTrain Waikato website).

A centre receives \$30, to spend on toys or any project of your choice, for each person who attends a Childcare or Workplace First Aid course and nominates this centre (or \$20 for each person completing a Recertification course). This applies to nominations from our Playcentre community but also to others who attend any other MediTrain Waikato First Aid course.

**Generate funding for your centre by promoting First Aid courses!**
